what is MOVE Miami?

An 11-week fellowship from Virtutem Populo that takes Miami-Dade high schoolers behind the scenes of the county they live in, through three lenses: art, government and economy.

11
weeks

25
fellows

3
pillars

the next chapter of STRIVE305, our first fellowship.

the logo, broken down

3 equal parts

art, government and economy. no pillar outweighs the others.

the red center

that's you. the fellow sits where all three meet.

the gaps

open on purpose. there's always room for one more voice.

MOVE with an arrow cut into the V: always moving forward, and moving Miami with it.

three pillars

art

how culture, creativity and storytelling shape a city, and how to use them to make your case.

government

how decisions actually get made, from County Hall to the commission chambers.

economy

what powers Miami: the port, the airport and the industries that move our region.

where fellows go

behind the scenes, not behind a desk.

- PortMiami

- Miami International Airport

- County Hall

- commission chambers

what fellows do

1. go behind the scenes at County Hall, PortMiami and MIA
2. meet the leaders who run our county
3. debate real issues in mock commission sessions
4. build a proposal for your community
5. graduate in the commission chambers

LAST YEAR: STRIVE305

the receipts

25 fellows

16 zip codes

4 cities adopted their proposals

real students. real proposals. real policy. MOVE Miami builds on all of it.

STRIVE305, in pictures

who & when

WHO SHOULD APPLY

Miami-Dade high school students who want to understand how their county really works, and help shape it.

NOW
applications open

EARLY JAN
fellows selected

JAN
orientation & kickoff

With support from Commissioner Micky Steinberg, Commission Vice Chair JC Bermudez and Educational Federal Credit Union.

know a student who should be in the room?
